PROFILE

CSE graduate who builds responsive web apps with React, Next.js, JavaScript and TypeScript. Has built projects with API integration, login systems, databases and interactive pages. Interested in machine learning and cybersecurity. Looking for an internship or junior developer role.

PROJECTS

- **BazarDor - Daily Market Price App**

Next.js, TypeScript, Tailwind CSS, PostgreSQL, Better Auth

Category browsing, price sorting, price-change indicators and market-wise product details. Email/password and social login, protected detail pages, and editable user profiles.

[Live demo](#) | [Source code](#)

- **FitLog - Workout Library & Personal Plan**

Next.js, React, JavaScript, Tailwind CSS

Workout search, filters, sorting and exercise detail pages. Saved workouts and a personal plan with completion tracking, saved state and toast messages.

[Live demo](#) | [Source code](#)

- **DevStack - Technology Stack Builder**

React, JavaScript, Tailwind CSS, Vite

Responsive explorer for frontend, backend, database, language, styling and DevOps tools. Users can add technologies, remove single items and clear their stack.
